

Is it time to call Hospice?

10
SIGNS
You Need to Know.

If you say yes to any of the following statements, hospice care may be appropriate:

My loved one with a life-limiting illness...

- 1 Makes numerous visits to the ER or hospital for complications of disease
- 2 Calls a physician's office frequently
- 3 Sees multiple physicians frequently
- 4 Has increased pain and current pain medications seem less effective
- 5 Has shortness of breath, even while resting
- 6 Has significant, unintentional weight loss
- 7 Spends most of his or her time in a chair or bed
- 8 Needs assistance with most activities of daily living
- 9 Has frequent falls
- 10 Chooses to focus on quality of life and comfort rather than cure of the disease
