Unity Announces Secure Online Donation Acceptance

Green Bay, Wis. – May 9, 2011 – Unity, leaders in hospice and palliative care, today announced the addition of a feature to its website allowing for secure online donation acceptance. To view this feature, visit www.unityhospice.org and click on the “Donate Now” button found in the lower left corner of the navigation panel. People wishing to make online donations have the option go through the new online tool and make their gift via credit card or account debit. Donors may also print a donation form from the website and mail their donation to Unity with written credit card information or check.

“The number of patients we are helping through hospice, palliative and bereavement care is increasing and along with that the amount of charity care we provide,” states Nicole Curran, Unity Executive Director. “With the support of the community we will continue to meet the charity care needs of patients wishing to use the services we provide. This online option increases accessibility and makes the donor’s charitable-giving even easier.”
