SCHREIBER FOODS RECOGNIZED AS UNITY GUARDIAN ANGEL
Company Committed to Partnering with the Community

Green Bay, Wis. – November 15, 2011 – Unity, leaders in hospice and palliative care, today announced the selection of Schreiber Foods, as the 2011 Unity Guardian Angel award winner for its contribution to the organization. Schreiber was honored during Unity’s recent annual fundraising event. Each year, since 1997, Unity has recognized as Guardian Angels an individual or group of individuals who have supported Unity’s patients and families through monetary donations or the gift of time and talent.

Schreiber Foods has been a long-time supporter of Unity through current and former employees serving as volunteers working with patients and families and assisting with events and office projects. Schreiber Foods provided assistance to Unity through the proceeds of its 2011 Golf Classic this past summer. The company’s support helps Unity’s bereavement program which provides individual, group and family counseling, memorial services and informational mailings to over 4200 bereaved family members and friends. Their sponsorship also helped inform the community about the care programs available to people suffering with serious or life-limiting illnesses.

“Schreiber Foods has a long history of philanthropy and volunteerism within the community. We are very fortunate to be the recipients of their generosity and support. We are grateful to them for helping us to help care for those in need within the community,” said Nicole Curran, Unity’s executive director.
